

PANAMERICANA GLOVE

Art. No. 074250

CE-certified according to EN 13594:2015, level 1

Adventure glove developed for long-tour riders:

The technical, weatherproof and breathable glove balances with glance between comfort, safety and durability. The thin inner lining and the waterproof Sympatex® membrane promise an excellent grip.

test reports

Motorrad Magazine

“Perfect constructed glove with high safety potential and fantastic slider protection - all together for a fair price.” (MO 65/2018)

Motorrad&Reisen's test outcome: very good/ 98 points

“On a 3-day trip, meanwhile with on and off downpower, the gloves kept waterproof and the fingers stayed comfortably dry. Temperature range recommendation: 9-29°C.” (M&R 88/2018)

fit

gauntlet

cuff is cut light diagonal for easy entry

range of use

9-29°C
